Storm Sewer Permit

A storm sewer permit is required for installation of one(1) 6 inch storm sewer lateral. Work within the City right-of-way, in conjunction with a storm sewer permit, requires a separate street opening permit if installing on paved portion of street.

Date: _____

Site Address: _____

Property Owner	Name: _____ Address: _____ City: _____ State: _____ Zip: _____ Phone: _____
Contractor (if applicable)	Company: _____ Address: _____ City: _____ State: _____ Zip: _____ Contact Person: _____

Fee: Storm Sewer Permit Fee \$25.00 (nonrefundable)

If the property owner chooses to have the City of Chilton Public Works Department install the storm sewer to the property line only the cost for the installation will be the actual costs incurred, \$300.00 minimum. Property owner agrees to pay the City of Chilton for the installation of the storm sewer or the costs will be assessed against the property and placed on the tax roll at the end of year 20____.
